## SYMPATHY FOR STRIKERS.

Strong Resolutions Passed by New York Aldermen. Prosecution of Company Was Urged.

New York, July 19.—The Brooklyn trolley strike was still on and in all likelihood there will be no end to the labor trouble for several days to come. The striking motormen and conductors were very earnest and they claimed they were gaining ground. On the other hand the representatives of the Brooklyn Traction company asserted that the strike is only a nominal one.

Numbers of cars were run over the several lines, but the time schedule was not lived up to on any of them, and a fair estimate of the rolling stock in operation would be about 60 per cent. No cars were run over the Flatbush avenue line to Brighton Beach.

There was some rioting and a few arrests.

The board of aldermen of the Greater New York unanimously adopted a resolution, which, after a sympathetic preamble, said:

"Resolved, That the municipal assembly of the city of New York extends its sympathy to the striking railroad employees in their effort to secure better wages and shorter hours, and requests the managers of the several railroads on which strikes are occurring to agree that all differences between employer and employees be adjudged by arbitration."

"Resolved, That the corporation counsel be and he is hereby requested to take such action as will compel the railroad companies doing business in the city of New York to live up to the ten-hour law."

Another Name For Him. "What is a Muggump?" asked the stranger.

"A pessimist," answered the native. "He can see nothing good in anything, and when things don't come his way he aims to make them a little worse." Chicago Post.

## DECIDED HIT

Was Made by Rube and His Wife Sal.

Akron has been visited by advertising features of all kinds, but the latest is C. J. Francis Linden and Edw. D. Muriel as the Original Rube and his wife Sal, who are advertising the Ohio Coffee and Spice Co., of Columbus, O., roasters of the celebrated brand of White Star coffee. Their appearance on the streets of Akron last night caused much merriment and applause. They came on Saturday, making a decided hit. Of all advertising schemes this surely takes the bun.

Must Lower Tracks.

The County Commissioners, Tuesday, ordered the Erie railroad to lower its tracks a foot at the Main st. and Miller ave. crossings in Coventry township. The B. & O. and C. A. & C. tracks will be raised ten inches. This will put the tracks on the level.

Died in California.

Mills Beardsley, a former Akron man, aged about 55 years, died a few days ago at Oakland, Cal. His home was in Salt Lake city, Utah. He was a brother of Mrs. Geo. Hart of Cuyahoga Falls. His wife and two sons survive him.

## LEFT TO GENERAL OTIS.

Cabinet Decided to Allow Him to Deal With Newspaper Correspondents "Round Robin."

WASHINGTON, July 19.—A decision, it was said, was reached at the cabinet meeting to allow the name of the "round robin" of the newspaper correspondents to drop. At an informal conference held at the White House the night before the subject was thoroughly discussed and such a policy agreed upon. This, it is stated, was confirmed at the cabinet meeting. Officially the matter will be ignored and General Otis will be allowed to treat it as he may deem best.

## FIGHTING IN SAMOA.

Natives Killed and Others Wounded. Three Chiefs Arrested—Chambers Wanted to Resign.

APRA, Samoa, July 11, via Auckland, N. Z., July 19.—In fighting which occurred at Sotafa, in the Sateles district, July 4, one Mafetua chief was mortally wounded and two Matafua chiefs and one Sateles were killed and three others wounded. The British cruiser Tauranga and the German cruiser Cormoran arrested three chiefs and brought them to Apia for trial before the supreme court.

The joint commissioners will leave for Washington July 18. Chief Justice Chambers will leave for San Francisco on the steamer Moana on July 14. Not desiring to return, he sent his resignation to President McKinley, who, it was said, did not wish his resignation. The question whether this constituted a vacancy in the chief justiceship was discussed by the commissioners. Dr. Zolf claimed that he would preside over the supreme court if Chambers left the island. If there was no vacancy then either Hunter or Mair, it was thought, might be designated to fill the chief justiceship.

It is said that all these conferences had reference solely to the routine business of the war department.

## QUIET STRIKE AT CLEVELAND.

State Board of Arbitration Was Trying to Settle the Trouble.

CLEVELAND, July 19.—Whether or not the quiet that prevailed preceded a storm to come in the street railway strike was the question that everybody was asking. The strikers were pursuing different tactics from those followed in the former strike. They were not interfering with the non-union men who were operating cars, nor would they tell what their plans are.

The officials of the company also refused to talk, but they operated cars on several of the lines under police protection without molestation. Preparations were being made to resume operations on other lines, and it was apparent that new men were to be secured to take the places of the strikers. The state board of arbitration was trying to bring about arbitration.

## GAHAN, TOO, DECLINED.

Like Harrison, He Refused to Attend the Democratic Meeting at Chicago.

CHICAGO, July 19.—The fight between the regular Democratic organization of Cook county and the state of Illinois, represented by Mayor Harrison and National Committeeman Gahan, on the one side, and the Albiga wing of Democracy, which supported ex-Governor Albiga as an independent candidate for mayor at the last election, on the other, has reached an acute stage and threatened to involve the national committee in spite of the strenuous attempts being made to keep local quarrels out of the proceedings of next Thursday's meeting of the national committee in this city.

Reciprocity Treaties Signed.

WASHINGTON, July 19.—Special Plenipotentiary Kassar for the United States and Secretary and Charge Tower, for Great Britain, signed at the state department the reciprocity treaties made under the terms of section 4 of the Dingley tariff act with Bermuda and the other West Indian colonies. The treaties were concluded some weeks ago and sent to the British foreign office and to the colonies for approval. The approval having been given the formal signature to the several instruments occurred.
